# DELHI WORLD PUBLIC SCHOOL SILIGURI

DWPS, Siliguri is a **Co-Educational English Medium School** under the aegis of **Delhi World Foundation**, managed by **Sadanand Radhika Mangal Charitable Trust.**

# Message from Guru Ji

I am exceedingly glad to note that the Sadanand Radhika Mangal Charitable Trust has embarked upon a noble venture of bringing Delhi World Public School to Siliguri.

Siliguri, which is strategically located and is a growing educational hub of North Bengal, would certainly be blessed with the coming of such a school which would provide quality education with world class infrastructure to all those who are excitedly looking forward for it.

I am firmly of the belief that members of the trust, and those seasoned professionals who form core members of the school administration, are men and women of integrity and character with a common goal, who will stay focused in their vision and mission and make this institution an institution par excellence. May the almighty shower His special blessings on this special occasion as they bring out the 2nd issue of the prospectus.

# MESSAGE

## Message From The Chairperson

**I**t's indeed heartening to know that the Sadanand Radhika Mangal Charitable Trust have decided to bring Delhi World Public School to Siliguri, which is currently a vibrant and upcoming educational hub of North Bengal.

Prospective parents in this city have always been passionate and eager to provide the best education to their kids.

I am sure Delhi World Public School, Siliguri under the aegis of Delhi World Foundation, backed by a distinguished team of experts from various fields, is well poised with its educational repertoire to provide an overall holistic, comprehensive and focused approach that would transform one into an all rounded human being. In the hallowed ambience of such an institution parents would love to see their kids move beyond the confines of school and home to recognize their potentials and inequalities around. In short, we want them to be the kind of children leading an exciting child's life and not forced to become premature adults.

On this special occasion I wish all success to the Management, the Director cum Principal, and the Staff of Delhi World Public School, Siliguri as they bring out the School Prospectus.

## Message From The Mentor

# MESSAGE

I am immensely delighted that the Sadanand Radhika Mangal Charitable Trust have joined the Delhi World Foundation to set up the Delhi World Public School in Siliguri, North Bengal.

Delhi World Public Schools are a chain of Schools that have made a mark for themselves, imparting innovative world class education through modern teaching pedagogy and state-of-the-art facilities. Siliguri is an upcoming educational hub with growing demand for quality education and modern day learning needs of students. The Delhi World Public School backed by the knowledge and experience of distinguished Life Members, Advisory Council and Members of Education & Resource Council of the Foundation, will meet the challenges of contemporary education in our country and become a landmark for generations to come.

My best wishes to the Management, the Director cum Principal and the Staff as the prospectus of is prepared to be placed in the hands of prospective parents for whom Delhi World Public School, Siliguri would certainly be their first choice.

# KNOWLEDGE IS POWER

## MESSAGE FROM THE CHAIRMAN

I feel happy, humbled and honored for having got this rare opportunity of serving the people of this region of North-Bengal by way of giving them access to the latest in world class education at their door step through Delhi World Public School, which is a leading education brand in the country, under the aegis of Delhi World Foundation.

The school will offer the latest in education through the updated modern curriculum, latest in technology and World-Class Infrastructure in an ambience ever unmatched. Amidst all other facilities and provisions that would stand out is the personalized care & concern and value based education which is unfortunately absent in today's educational institutions.

I am fortunate enough to have a team of highly experienced and dedicated professionals who will be leading the institution along with a band of qualified and trained educators to take care of your wards.

On this special occasion when Delhi World Public School, Siliguri is bringing out the prospectus, I wish our team the very best in their efforts. As the Chairman of the Sadanand Radhika Mangal Charitable Trust I can vouch that the school will cater in every way to the present day needs and the challenges of the students.

## MESSAGE FROM THE VICE-CHAIRPERSON

**I**t gives me immense pleasure to be an integral part of this project undertaken by the Sadanand Radhika Mangal Charitable Trust in setting up a world class educational institution in Siliguri, which will cater to the growing demands of parents who are concerned to provide the best for their children.

Delhi World Public School, Siliguri under the aegis of Delhi World Foundation would certainly be a school of its kind in today's world of cut-throat competition, where the primary focus would be to bring out the best in a child through an ambience of absolute freedom, yet absolute care, love and supervision, which would be something unusual and must be seen to be believed. We hope to serve our prospective parents in this special way.

On this occasion, as the dedicated team of Management and leaders in specialized fields bring out the prospectus. I wish them the very best in their noble venture.

# Message From The Chief Executive Officer (CEO)–Cum–Principal

We at Delhi World Public School are rooted in the fact that every student is unique and special. We are a one-form entry school that favors personalized attention with excellent co-ordination between the teaching staff, the departmental heads and the School's psycho-pedagogy department. Your child is never "just another number". He or she is an important member of our school community. His or Her growth as a well-rounded human being is a responsibility we take very seriously.

Our objective is to experience learning in a positive, balanced and complete way so that we can prepare your child for the future. Our results will vouch for our excellence. But much more than that, we educate for values in life and that is why apart from teaching, DWPS, Siliguri is an institution that is convinced that we must learn as a community, in an environment of respect, solidarity and dialogue. Education in values has no timetable, as it is a part of all subjects at any given time of the day.

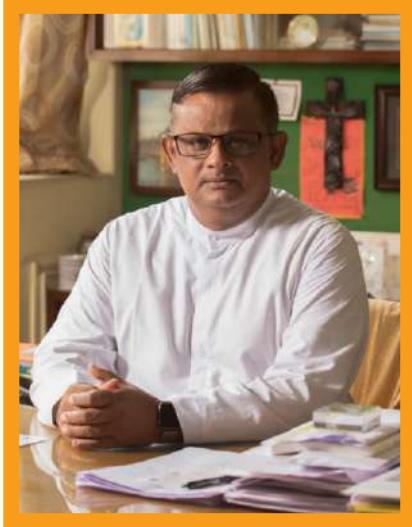

There is a growing concern that today's children spend too much time in front of screens and not enough time interacting with nature. At DWPS, Siliguri, our students will have plenty of opportunities to get to know the Earth. In so doing, they will get a balanced physical, psychological and educational foundation and become good stewards of our planet. In the hallowed four walls of the school, as the students move from pre-adolescence to adolescence, they are given the safety and continuity to flourish in an arena that is rarely seen in our fast-paced 'get-it-done-yesterday' world.

Make DWPS, Siliguri the School of your choice for your ward, which in every way will fulfil the modern day needs of education and secure the future of your child

# Delhi World Foundation

**D**elhi World Public Schools are a new chain of schools under the aegis of the **Delhi World Foundation**, which includes luminaries like – Salman Khurshid- Former External Affairs Minister, Govt. Of India, Chintamani Rao-Former Chairman, Times Broadcasting Company, C.A. Rajiv Soni, Ambika Soni–Member of Parliament and Former Minister of Information & Broadcasting, Govt. Of India, Sharmila Tagore - actor and several others.

This group spearheads a mission to achieve excellence in education through cutting edge learning tools combined with human touch and the unique Guru –Shishya (teacher – student ) bond.

Delhi World Public Schools are committed to providing state-of-the-art education, incorporating Indian values and world culture, aiming to create global citizens as torch bearers of a dynamic and harmonious world.

Delhi World Public School aims to instil in each child a sense of inquisitiveness and exploration and an urge for experimentation, observation and synthesis. We endeavour to free the learning process from the confines of the four walls of classroom and take it further through activity workshops, resource centres laboratories and library, teaching less for learning more. Every child is encouraged to inculcate the values of citizenry; a commitment to good health, high values and sensitivity to environment.

We strive to guide and support each child in their journey from primary to senior school and prepare them for journey beyond school. It is an innovative effort to integrate the best ideas in education taken from all good practices in India and around the world.

In addition to excellent teaching and learning facilities, each of our Schools is encouraged to offer a variety of creative courses and advanced opportunities in sports, cultural and varied fields.

# ABOUT DELHI WORLD PUBLIC SCHOOL SILIGURI

KNOWLEDGE

EXCELLENCE

INFLUENCE

LEADERSHIP

EMPATHY

**D**elhi World Public School, Siliguri, redefines education in this region of North Bengal. Till today education is all about mindless cramming and regurgitation of facts and is thus ill suited for the needs of modern society. Shouldn't education be about holistic exposure to all facets of life rather than a cracking of tests? Shouldn't education be a force for peace, a means to over coming prejudice ? Multiple studies have shown that personality attributes such as grit, curiosity, and self control are strong predictors of achievement than I.Q. Authors like Paul Tough are of the view that non-cognitive skills like persistence, curiosity, conscientiousness, optimism and self control are more crucial than raw brain power to achieve success. Character, according to this author is created by encountering and overcoming failure. A culture that allows children to explore, take academic risks and learn from failure is a culture that creates curious passionate, confident and empathetic adults. This is precisely what DWPS, Siliguri promises to offer your children through its latest & modern teaching Pedagogy and thus adequately equip and fortify them in a safe, secure, caring & learning environment.

## ACADEMIC EDGE

**D**elhi World Public School, Siliguri stresses on creating a 'Caring Community of Learners' and this is basically what gives the School an academic edge over others.

**Warm, Supportive & Stable Relationship:** At DWPS, Siliguri, all members of the School community- students, teachers, staff, parents would know one another intimately. Students will be taught to view their classmates primarily as collaborators in learning, and not as competitors in the quest for marks or grades or recognition.

**Constructive Learning:** Children at DWPS, Siliguri would naturally try to make sense of the world- to figure out how a magnet works or why friends help. Good teaching, at DWPS, Siliguri, will not only foster these efforts to understand, but also hone them up by helping children become more skillful, reflective and self critical in their pursuit of knowledge. Teachers shall support and extend children's natural efforts to learn.

Firstly, our teachers shall provide a coherent curriculum organised around important concepts rather than a mixture of isolated facts. Secondly, they shall connect the curriculum with children's own natural efforts to make sense of the world. Children could see mathematics, for example, as a powerful means for understanding the world and not as arbitrary principles that apply only within classroom walls.

When children would see how the ideas and skills of school help them understand and act upon the world - how they are genuinely useful - they will begin to practice these academic skills throughout their home and school lives.

**Attention To Social & Ethical Dimensions Of Learning:** At DWPS, Siliguri everything about schooling - curriculum, teaching methods, discipline, inter-personal relationships - shall teach our children about the human qualities that we value.

## **Educating Students For Success In A Changing World**

### **WHAT MAKES US DIFFERENT?**

**E**very child is unique. The potential in each child, both the Scholastic and Co-Scholastic, will be tapped out to bring the 'Hero' in the child. Each child will be motivated and inspired to dream big and carve a niche for himself/herself.

Each child's identity shall be honed to change his/her signature into autograph. Our curriculum delivery will be different. Teaching and Learning to shift away from rote methods. Curriculum to be enriched enough to go beyond text books. **Teach less to learn more.**

Opportunities to be created to enhance the ability of children to link learned knowledge to life outside school. Examination to be more flexible and integrated with classroom life. Classroom experience is directed towards becoming good citizens with a sense of equality and compassion towards others.

Activity based joyful stress-free learning, focus on development of motor skills, learning by doing. Emphasis on learning from Environment -Green Environment/ Botanical Garden/ Solar Energy. Blend of Indian values and world culture.

# PERSONALIZED LEARNING

**TRADITIONAL TEACHING  
IS SOMETHING  
THAT IS GIVEN TO YOU.  
PERSONALIZED  
LEARNING IS SOMETHING  
THAT YOU SEEK.**

**P**ersonalized learning refers to instruction in which the pace of learning and the instructional approach are optimized for the needs of each learner. Thus, whenever and wherever the need be the following will be kept in mind:

- ◆ Learning objectives, approaches contents and tools are tailored and optimized for each learner.
- ◆ The pace of learning g is adjusted.
- ◆ The learning is driven by learner's interest
- ◆ Learner's are given choice in what, how, when and where they learn.
- ◆ Learning is often supported by technology.

# TEACHING PEDAGOGY

## Adaptive Teaching

Knowing and understanding your class and how each of your pupil learns best and knowing what level they are enabling personalised learning programmes to be developed and taught. The most obvious example of this is the systems for reading that schools employ. It may be marked through an accelerated reader, the Oxford Reading Scheme or even colours and numbers! The levelling allows for directed resourcing, teaching and peer support.

## Embodied learning

An educational method that does not only offer an intellectual way of teaching, but also a physical one, one that involves the whole body. Using the PE lesson to teach maths skills; throwing small bean bags to one another and counting how many times they can do this before the bag is dropped!

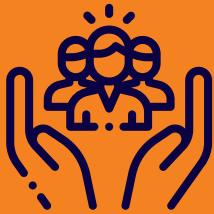

## Context based teaching

What better way to learn something than to put the learning into a relevant context? Measurement and number can be made so much more relevant and concepts grasped easier by organising a class shop, with real money and peer customers in order to understand the denominations of money and counting.

## Computational Thinking

Computational thinking enables us to solve any given challenge through an analytical and methodical approach. Put simply, computational thinking teaches students to process information as a computer would.

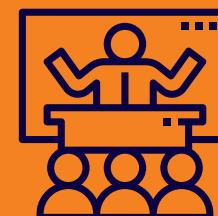

All children are special and deserve the best education and guidance needed to make them successful adults of tomorrow. At Delhi World Public School, Siliguri we aim to recognize and support gifted students as well as those with learning difficulties.

Our objective is to provide each student with an individual programme tailored to his/her specific needs. For this reason we always have help available on the campus through experienced and trained counselors for students and parents who need any special or specific help.

Our teaching philosophy is strongly based on parental involvement and support. When children would see how the ideas and skills of school help them understand and act upon the world - how they are genuinely useful - they will begin to practice these academic skills throughout their home and school lives.

Attention to social and ethical dimensions of learning: At DWPS, Siliguri everything about schooling - curriculum, teaching methods, discipline, inter-personal relationships - shall teach our children about the human qualities that we value.

## CO - CURRICULAR ACTIVITIES

The Delhi World Public Schools system is aimed at developing confident, well rounded students with capabilities and the spirit to reach for the stars.

The curriculum provides a rich variety of co-curricular activities which we consider not extra but an essential part of a child's education.

These include Indian Dance, Western Dance, Indian Music, Western Music, Yoga, Martial Arts, Drawing and Painting, Clay Modelling and clubs and societies like Public speaking, Quiz-Club, Eco-Club, Debating, IIMUN, Dramatics.

## CO-CURRICULAR ACTIVITIES

Students at DWPS, siliguri are given the freedom to pick up activities which help them to hone up their talents and develop their specialized skill

Today's kids are more inclined towards music and dance and such activities do complement their studies and groom students in the art of living and working together.

Aesthetic development like character building spiritual and moral values, physical growth creativity and many more are achieved through these various activities.

# SPORTS FACILITIES

At DWPS Siliguri we believe that sports plays an important role in the life of a child. The qualities of leadership, teamwork and sporting spirit are learned on the sports field.

Keeping this in mind we provide the best facilities for various outdoor and indoor games under the guidance of trained coaches.

## Cricket

An International Standard cricket ground where budding cricketers can be coached and tournaments can be played.

## Football

A beautiful field where budding footballers can be trained and tournaments can be held.

## Tennis

A well equipped turf court where students can be trained to excel in tennis

# SPORTS FACILITIES

For every game, the latest quality equipments will be made available to the students with the right ambience and condition.

Students who are gifted, or have a natural flair for any game, will be handpicked, trained and mentored exclusively by committed coaches who will use their knowledge and expertise to help these budding talents to realize their potentials.

## Badminton

A modern badminton court with modern flooring for all badminton lovers.

## Volleyball

A volleyball court for those interested in learning and playing volleyball.

## Basketball

A synthetic basket ball court for basket ball lovers

## HALF OLYMPIC SIZE SWIMMING POOL

Swimming today is considered as an important skill set that should be learned by everyone as a part of safety measures. It is a high intensity cardio work out that involves multiple muscle groups and best exercise for weight management as it flushes out excess fat. The activity also releases endorphins that help in managing depression and enhancing moods. At Delhi World Public School, Siliguri we provide a half Olympic size modern swimming pool with the latest filtration system integrated with imported heat pumps and pool cleaning accessories. We comply with the guidelines for water safety and the required operating standards. Trained and professional Swimming Coaches are appointed to teach each and every child.

# Theater in Education

**T**heater in education encourage young ones to develop inquiry skills. It develops the student's confidence and improves their behavior and attitude, empowering them to make informed healthy life choices. It helps them to think creatively and develops and hones up their evaluative skills. Through acting, gestures, speech, song, story telling, music & dance their communication and public speaking skills are sharpened. Thus it maximizes learning and caters to a variety of student's learning styles.

## DAY BOARDER PLUS

Nowadays, one of the main concerns of parents regarding their children is to find good coaching facilities after school and search for activity centres for extra curricular development of their children. At DWPS, Siliguri after the regular school hours, additional coaching cum remedial classes (for a batch of not more than 10 students) will be offered for those who opt for it. Besides, a range of extra curricular activities like sports, music, dancing, martial arts, fine arts etc. would also be there for the students to choose from, according to their choice. These students shall leave the school in the evening, few hours after the regular school hours get over. They will be provided with breakfast, mid-morning snack and lunch like the day boarders. Additionally, these students will also be provided with late afternoon snack and evening tiffin at school before they leave for their home at evening, after attending coaching cum remedial classes and extra curricular activities.

The advantage - No hassle of additional coaching at home and extra curricular activities under the guidance of able and certified trainers and coaches. Besides there is no hassle of carrying tiffin/lunch box from home.

## WEEKLY BOARDER

One of the main problem faced by parents who do not stay in a city is that, though they want to provide quality education to their children, but they cannot do so due to lack of good schools in their town/locality. DWPS, Siliguri has carved out the facility of Weekly Boarding just for these parents, providing a mix of best of both - Day Scholar & Regular boarding, for those students who stay at a distance of 60 km - 70 km from the school, not close enough for regular travel to school everyday but not too far to cover the distance in 1-1.5 hr.

The students opting for this facility will be picked up by the school bus every Monday morning from their respective spot near home and will be brought to school. From Monday through Friday afternoon, the student shall stay at school as a boarder, availing all the facilities - regular schooling (along with the Day Scholars & Day Boarders) during the day, extracurricular activities during the late afternoons and coaching cum remedial classes in the evening. The student shall be dropped back at his/her respective spot on Friday evening, after the regular school gets over.

The advantage - The student gets to spend the weekend (Saturday & Sunday) at home while he/she spends the entire week at school taking advantage of all boarding facilities - well balanced & nutritious meal throughout the day, following a disciplined routine at hostel, regular physical activities, co-curricular & extra curricular activities of their choice and guidance by qualified teachers handpicked by the school for all round development of the child.

# BOARDING FACILITIES

**Delhi World Public School, Siliguri** offers on campus residential facilities for students. Our hostels comprises of two separate wings for boys and girls and is kept under strict supervision of Wardens and Matrons for boys and girls with the best pastoral care. The rooms are spacious, air conditioned with all modern facilities and amenities that ensure hygienic living condition that cater to the all-round growth and development of the students. The food service department is led by highly experienced catering professionals, preparing meals in modern well-equipped kitchen.
